OBJECTIVE

I am passionate about joining an innovative IT organization where I can contribute to software engineering projects using the latest technologies. I am excited to begin my career in software development. I am particularly drawn to organizations that offer a challenging and dynamic work environment, where I can continuously grow and excel. Contributing my best at every step and being part of a team that drives impactful solutions is my long-term career goal.

EXPERIENCE

1. **Vanas - Herbal Care E-commerce Website (Personal Project)**
   Technologies: React.js, HTML, CSS, JavaScript

   Developed a responsive herbal care e-commerce website using React.js, featuring category-based routing (SkinCare, HairCare, PersonalCare, All) with dynamic product display with add to cart functionality. Designed reusable components like Navbar, Cart, and Product Grid, and integrated cart functionality using React state and props. Focused on clean, modern UI/UX inspired by contemporary e-commerce layouts.

INTERNSHIP AND PROFESSIONAL TRAININGS
